I understand that I have been given special permission to undertake international travel under the following conditions:

1. I understand that Curtin University of Technology recommends that international travel be deferred or minimised because of the current threat of terrorism.

2. I undertake to regularly review the DFAT website to obtain new information on risks relating to travel.

3. I accept that international travel at this time involves some increase in personal risk and a risk of inconvenience due to disruption of air travel schedules.

4. I have filled in the proposal for insurance to cover this travel.

5. I will take all steps to minimise risk if the circumstances change during the period of travel.

6. I will maintain regular contact (at least weekly) with the office of the Executive Dean and/or my Head of School by email, and will advise of any change in itinerary. We would prefer that you leave a mobile telephone number with your School Office.

7. When travelling to Category 2 countries I will minimise my presence in commercial and public areas known to be frequented by foreigners such as clubs, bars, discotheques, restaurants, schools, places of worship, outdoor recreation events or tourist areas.
